ADVANTA® LITE FRAME

FOR FIBER-CLASSIC®, SMOOTH-STAR®, PROFILES™, TRADITIONS & PULSE® DOORS

A NEW FRAME OF MIND

Achieve a seamless look with the Advanta® lite frame, an innovative, patented solution from Therma-Tru. Avoid the unsightly look of missing screw plugs and enhance the beauty of your home's entryway.

The next generation of lite frames.

Patented four-piece design includes two interchangeable frame covers and a two-piece base frame.

- **A** **Frame Covers** (Interior / Exterior) Removable, interchangeable aesthetic frame that clips into place.
- **B** **Base Frame** Structural frame component that secures the frame to the glass in the door cutout.
- **C** **Insulated Glass Unit (IG)** Available in various decorative, privacy and clear glass options.
- **D** **Frame Clips** Zinc-plated steel clips that secure the frame cover to the base frame.

Advanta **Plugless** Scrolled Lite Frame

Standard Lite Frame **with Screw Plugs**

TRU-ADVANTAGES

Aesthetic Benefits

- The Advanta® lite frame can be stained or painted any color to complement the door, for enhanced curb appeal.
- The white Advanta® lite frame is color-matched to PrismaGuard® Alpine and does not require finishing if white look is desired.
- Frame cover can be finished separately to eliminate both unsightly behind-frame paint or stain weep, and the need to mask the glass.

Pre-Finishing Benefits

- The frame cover can be finished separately, eliminating the need to mask the glass when finishing the lite frame.
- The elimination of screw plugs makes the pre-finishing process even faster.
- Frame does not need to be deglazed or reglazed during pre-finishing, reducing the amount of time the glass is handled, lowering the chance of damage.
- Allows the door to be completely finished before installing the glass, eliminating unfinished areas that may become exposed over time.

HOW TO ORDER...

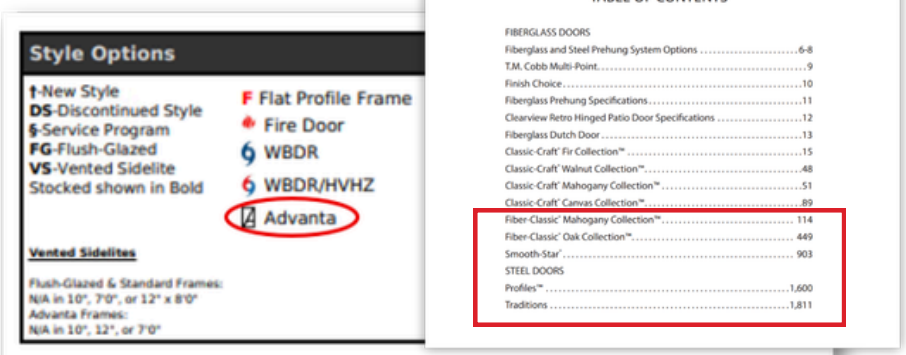

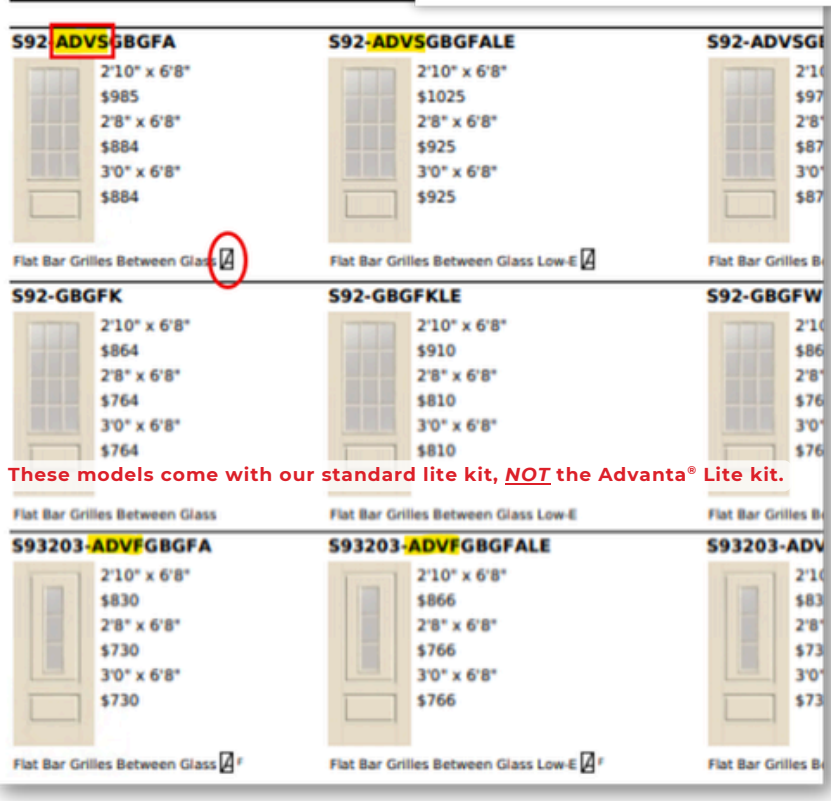

Ordering in QuickSale

1. Within the **Doors** (or **Sidelites**) tab located across the top, select the **Fiberglass** option.
2. Select one of the **Fiber-Classic®** or **Smooth Star®** options from the dropdown menu to the right of Qty. *(Classic Craft not available with Advanta Lites.)*
3. A sub-menu will appear, select either **Advanta Scrolled Lite Frame** or **Advanta Flat Lite Frame** located at the top.

Note: ADV in the model number indicates the door has an Advanta® Frame. ADV**F** specifies a flat frame, while ADV**S** specifies a scrolled frame.

Advanta Plugless Flat Lite Frame

Ordering from the Price Catalogue

1. **I Navigate to the Collection**

   In your T.M. Cobb Price Catalogue, locate a Therma-Tru collection available with Advanta Lites: **Fiber-Classic®**, **Smooth Star®**, **Profiles™** or **Traditions**. *(Note: Advanta Lites are not available with the Classic Craft collection.)*

2. **Select the "ADV" Model**

   Find your desired door style. As there are often multiple variations of the same door, you must select the specific model number that contains **ADV**. *(Note: ADV in the model number indicates the door has an Advanta® Frame. ADV**F** specifies a flat frame, while ADV**S** specifies a scrolled frame.)*

3. **Verify the Symbol**

   Confirm your selection by ensuring the Advanta symbol ([A]) appears below the door image and product specifications.
